PRODUCT OVERVIEW

The new Velox Passive HDMI Cable is available in various lengths, and provides custom integrators with reliable digital transmission technology for almost any project size. Through a new proprietary design, Metra Home Theater has incorporated In-Visions Technology Quiksilver Transmission Line™ high performance Passive HDMI Cable for integrators wanting the best for their clients. Supporting 24Gbps, 4K/60, 4:4:4 and HDR transmission for up to 10 meters. For integrators looking to transmit data for over 8 meters, the new Velox Passive HDMI Cable Line can be utilized in conjunction with Metra Home Theater's Gigabit Accelerator (HDM-GA1) to transmit up to 20 meters at a full 24Gbps.

PRODUCT	LENGTH	PRODUCT	LENGTH
EHV-HDP1	1M	EHV-HDP10-R2	10M
EHV-HDP2	2M	EHV-HDP12	12M*
EHV-HDP3	3M	EHV-HDP15	15M*
EHV-HDP4	4M	EHV-HDP18	18M*
EHV-HDP5	5M	EHV-HDP20	20M*
EHV-HDP6	6M	EHV-HDP21	21M*
EHV-HDP8	8M	EHV-HDP22	22M*

* To obtain 18 Gbps, the HDM-GA1 Gigabit accelerator must be used in addition to passive cable.
