AS-SPKR-11 ADJUSTABLE METAL SATELLITE SPEAKER FLOOR STANDS

 **SALES** 866-839-9187

PRODUCT OVERVIEW

The Helios Satellite Speaker Floor Stand is adjustable in height to bring speakers to ear level for optimal sound performance. It supports speakers up to 9.9 lbs and has a solid steel base to ensure stability with cable management to keep wiring organized. This is an ideal solution to hold small to medium sized rear surround-sound or other satellite speakers when permanent speaker mounting isn't an option.

- Height-adjustable speaker floor stand
- Solid steel construction
- Cable management keeps wiring organized
- Weight capacity: 9.9 lbs
- Sold as a pair
