HDM-HDC5EXTSRPOE PRODUCT OVERVIEW

A feature packed HDMI extender available for Custom Integrators that need a reliable solution at a very competitive price point.

This HDMI extender includes a transmitter unit (TX) and a receiver unit (RX), working as a pair. It allows for transmission and extension uncompressed full HD 1080p@60Hz HDMI signal via CAT6/6A/7 network cable, the transmission distance is up to 50 meters with zero latency. It includes an EDID switch for helping to set a needed HDMI signal format, also it supports PoE to power the receiver (connect power supply to the transmitter unit only, each unit will power up, as the receiver unit is powered by the transmitter unit through network cable). This HDMI extender supports IR passback for remote control source device easily.

HDMI Signal	HDMI 1.4a
HDCP	HDCP 1.2a
Support resolution	480i@60Hz, 480p@60Hz, 576i@50Hz, 576p@50Hz, 720p@50/60Hz, 1080i@50/60Hz, 3D: 1080p@50/60Hz
Network cable	Low resistance and consumption oxygen-free copper core (CAT6, CAT6A, CAT7)
Transmit distance	Full HD resolution 1080P@60Hz up to 50 meters via a CAT6 cable
IR remote control	Support 20-60kHz wide frequency IR remote control
EDID	Support EDID setting function
Insertion loss	<2dBm
Power Supply	5V2A
Power consumption	TX <3W RX <3W
Color	Black
Product dimension	71.6mm(L) x 66.9mm(W) x 22.6mm(H)
Weight	TX: 70g RX: 70g
