EHV-XLR1 & EHV-XLR2 PREMIUM BALANCED VELOX XLR AUDIO CABLES

SALES 386-255-0234

PRODUCT OVERVIEW

The EHV-XLR1 and the EHV-XLR2 offer connections to provide the highest fidelity available on both analog and digital SPDIF (AES/EDU) audio devices. The EHV-XLR1 and XLR2 are sold as single cables and offer true two-channel analog featuring a woven flexible jacket, a precision terminal design and a lifetime warranty.

“Real high fidelity is making its return. People of all ages are taking control of the quality of their listening experience. To that end more sophisticated HiFi components are once again coming to market, like our Velox EHV-XLR1 and XLR2 cables,” said Jessy Crabb, Metra AV general manager.

- Quality analog interconnects
- True “two channel” analog
- Woven flexible jacket
- Lifetime warranty
- Lengths: 1 & 2 meters
