PRODUCT OVERVIEW

Installation is even faster with our next generation, Spyclops Wireless IP (WIFI) bullet cameras! A single hex screw allows you to adjust the camera position quickly. Just mount the camera, loosen one hex screw to move into the desired position, tighten it and you're done! The 2.8 fixed lens offers exceptional ultra-wide angle view. These Wireless IP (WIFI) cameras connect to your WIFI and are compatible with most surveillance DVRs on the market. This IP Wireless camera is perfect for when you can't run a cable. An improved, cleaner design has a lower profile chassis with a smoked infrared LED cover. The 2 MP image sensor provides crystal clear, high definition, 1080p picture quality.

- ONVIF compliant
- 2.8mm fixed lens
- 1 / 2.9" Sony 2MP CMOS sensor
- HISILICON DSP, wide dynamic range
- Main stream: 1080P@30fps
- Support WiFi up to 300 meters
- IP66 water resistant
- IR LED's for up to 30 meters at night
